WORKING AND ADMINISTRATIVE EXPERIENCE

Arayış Platform President	Istanbul, Turkey 2006- Present
<ul style="list-style-type: none">Undertook efforts to preserve Turkey's economic, social, cultural, geographical, and historical values, and to address the existing challenges in these areas.Planned a series of television programs regarding mentioned topics, but it was blocked by the government. The programs, titled 'Turkey is Searching for Its Lost History, Geography, Culture, and Youth,' were designed to foster unity among different communities, promote social solidarity, and support the preservation of historical heritage and natural beauty through research focused on these themes.	

Association for the Prevention of Juvenile Crimes*Founder/Chairman***Istanbul, Turkey**

2008-2019

- Provided services on matters such as taking necessary measures regarding juvenile delinquency and crimes against children, raising public awareness, providing education to families (40,000 families received education in schools), raising awareness among school administrators, and working in cooperation with law enforcement units. Due to the oppression of the government, the association voluntarily dissolved itself.

Kocaeli University*Dean of Law School***Kocaeli, Turkey**

2012-2014, 2014-2016

Kocaeli University*Chairman of the Department of Administrative Law***Kocaeli, Turkey**

2006-2016

The Platform of Academic Lawyers*President***Istanbul, Turkey**

2008-2016

- Conducted studies to identify and address the obstacles hindering the country's progress toward becoming a rule of law, and proposed solutions to overcome them. These efforts included protecting children's rights, adapting regulations concerning children and families to international standards, preventing pressures created by administrative practices on fundamental rights and freedoms, enabling local governments to provide effective services tailored to local needs, and implementing regulations for the protection of cultural and natural heritage. The overall goal was to align Turkish law with European standards.

Istanbul Metropolitan Municipality*Research Project***Istanbul, Turkey**

2012- 2014

- For a more efficient metropolitan municipality administration, a 2,800-page report covering 28 topics was prepared, focusing on the analysis of issues by district, identifying the current situation, and offering solution proposals. Under these topics, planning, zoning, construction, municipal services, social issues, and cultural matters were addressed separately, and solution proposals were developed.

Ministry of Justice*Member of Administrative Judiciary Reform Commission***Ankara, Turkey**

2008-2013

- As part of the work of the legislative commission, contributions were made to changes in the law regarding the problems of the Turkish administrative judiciary system and proposed solutions, which were examined in postgraduate programs, particularly in doctoral courses.
- Provided contributions towards transitioning the administrative judiciary system to a three-tiered process. Specifically, took the lead in drafting legislation to incorporate the 'stay of execution' mechanism into the law for actions that would lose their effect if enforced, and introduced provisions allowing for rectification following expert evaluations in compensation lawsuits against the administration.

Istanbul Regional Board for the Protection of Cultural and Natural Heritage*Chairman/Member***Istanbul, Turkey**

2006-2011

- Was elected as president/chairman in 2009. Served on the solely authorized committee responsible for making key decisions regarding planning (including conservation and urban planning) in the historic Istanbul area, known as the Historic Peninsula, which includes the most historical three districts (Eminönü, Zeytinburnu, and Fatih). Conducted work was focused on the protection and management of archaeological sites, the development of management plans for these areas, and the preservation of historically significant monuments (such as Hagia Sophia, Blue Mosque, the Walls of Istanbul, and Topkapi Palace), all of which are protected under UNESCO's World Heritage Program.
- Served as a decision-maker and supervisor in the design and restoration of civil architectural structures. In this context, an average of 100 civil architectural structures were restored annually.
- Undertook a balancing role against government decisions regarding the preservation of historical remains at the Yenikapı excavation site.
